ORDER:

The Chief Engineer (R&B) CRN & MD, APRDC, Hyd., has stated that Mahabubnagar – Nalgonda road is an important State Highway road connecting two state Highways Viz. Hyd-N'sagar Road and Hyderabad-Srisailem Road. This road also connects number of interior roads and villages in the backward and Tribal area of Nalgonda Dist. The traffic intensity carrying heavy axel load on the above road is very High, as this is link road connecting Telangana and Rayalaseema Regions. Daily thousands of Heavy axel load trucks carrying Agricultural products from the command area of N'sagar left bank canal and Cement from the industries situated in and around Miryalaguda and Huzurnagar towns ply on this road round the clock. Apart from the above number of passenger vehicular Ply on this road, as this road leads to Srisailem pilgrim centre from other parts of Nalgonda and from neighboring districts waranagal and Khammam.

2. He has also stated that the traffic intensity on this road is 18,417 PCUs/day. As per IRC 64-1990 Guidelines, a double lane can cater up to 15,000 PCUs/day and as such this road may be considered for widening to 4 lanes to cater for the existing traffic and to reduce accidents and traffic jams.

3. He has further stated that Devarakonda town is a major business center in Nalgonda District which is located from Km 105/6 to 109/6 on Mahabubnagar –Nalgonda road. Due to which, the traffic is increased many times, in the recent years. Keeping in view the above development, Devarakonda town was upgraded to "NAGARA PANCHAYAT" which is equivalent to a 3<sup>rd</sup> grade Municipality. Hence, it is essential to widen this road to four lane to facilitate easy flow of traffic and to relieve the congestion.
